§ 2530.0-8

§ 2524.8 Cancellation of entries for nonpayment of water-right charges.

All homestead and desert-land entrymen holding land under the reclamation law must, in addition to paying the water-right charges, reclaim the land as required by the reclamation law. Homestead entrymen must reside upon, cultivate, and improve the lands embraced in their entries for not less than the period required by the homestead laws. Desert-land entrymen must comply with the provisions of the desert-land laws as amended by the reclamation law. Failure to make payment of any water-right charges due for more than 1 year, will render the entry subject to cancellation and the money paid subject to forfeiture, whether water-tight application has been made or not.

Subpart 2531—Applications, Generally

§ 2531.1 Qualifications of applicants.

(a) *General.* An applicant for allotment under the fourth section of the Act of February 8, 1887, as amended, is required to show that he is a recognized member of an Indian tribe or is entitled to be so recognized. Such qualifications may be shown by the laws and usages of the tribe. The mere fact, however, that an Indian is a descendant of one whose name was at one time borne upon the rolls and who was recognized as a member of the tribe does not of itself make such Indian a member of the tribe. The possession of Indian blood, not accompanied by tribal affiliation or relationship, does not entitle a person to an allotment on the public domain. Tribal membership, even though once existing and recognized, may be abandoned in respect to the benefits of the fourth section.

(b) *Certificate that applicant is Indian and eligible for allotment.* Any person desiring to file application for an allotment of land on the public domain under this act must first obtain from the Commissioner of Indian Affairs a certificate showing that he or she is an Indian and eligible for such allotment, which certificate must be attached to the allotment application. Application for the certificate must be made on the proper form, and must contain information as to the applicant's identity, such as thumb print, age, sex, height, approximate weight, married or single, name of the Indian tribe in which membership is claimed, etc., sufficient to establish his or her identity with that of the applicant for allotment. Each certificate must bear a serial number, record thereof to be kept in

the Indian Office. The required forms may be obtained as stated in § 2531.2(b).

(c) *Heirs of Indian settlers and applicants.* (1) Allotments are allowable only to living persons or those in being at the date of application. Where an Indian dies after settlement and filing of application, but prior to approval, the allotment will upon final approval be confirmed to the heirs of the deceased allottee.

(2) In disposing of pending applications in which the death of the applicant has been reported, the heirs of an applicant who was otherwise qualified at the date of application should be notified that they will be allowed 90 days from receipt of notice within which to submit proof that the applicant personally settled on the land applied for during his or her lifetime, and while the land was open to settlement, and upon failure to submit such proof within the time allowed the application will be finally rejected.

(3) When it is sufficiently shown that an applicant was at the time of death occupying in good faith the land settled on, patent will be issued to his or her heirs without further use or occupancy on the part of such heirs being shown.

(d) *Minor children.* An Indian settler on public lands under the fourth section of the Act of February 8, 1887, as amended, is also eligible upon application for allotments made thereunder to his minor children, stepchildren, or other children to whom he stands in loco parentis, provided the natural children are in being at the date of the parent's application, or the other relationship referred to exist at such date. The law only permits one eligible himself under the fourth section to take allotments thereunder on behalf of his minor children or of those to whom he stands in loco parentis. Orphan children (those who have lost both parents) are not eligible for allotments on the public domain unless they come within the last-mentioned class. No actual settlement is required in case of allotments to minor children under the fourth section, but the actual settlement of the parent or of a person standing in loco parentis on his own public-land allotment will be regarded
